***EX PARTE QUAYLE ACTION***

1. This Office Action is made in response to applicant's amendment filed on 08/23/2007. Claims 1-8, 10-12, 14-16, 20, 22, 25, 27 and 30-32 are currently pending in the application. An action follows below:

2. This application is in condition for allowance except for the following formal matters:

(a) **The consent is still defective** because it is not signed by someone having authority (i.e., president, vice-president, etc.; see MPEP 324). Since there is no accompanying 3.73(b) given that ownership has changed, a new 3.73(b) is required. The assent just filed is for the assignee as it is now. The previously filed 3.73(b) is for a prior assignee. If the new 3.73(b) to be filed is signed by the same signer as the recently filed assent and there is a statement in the 3.73(b) which states that the signer is empowered to act on behalf of the assignee, then the recently filed assent would be proper. Note that the "empowered" statement only needs to be present on one of the documents.

(b) **The drawings filed on 8/23/2007 are objected** by the Examiner because Figures 7 and 8 must be designated by a legend such as --NEW-- as they are new relative to the original patent. See MPEP § 1413. Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Allowable Subject Matter***

3. Claims 1-8, 10-12, 14-16, 20, 22, 25, 27 and 30-32 are allowed.

***Conclusion***
